commencement, at least, of such systems for the themselves.
To come would be consistent with our available resources If the establishment of a bank could be made sub, the most ample references to cotemporary docuservient to either of these objects, it would certaincoubt but that this end may be attained, and that the State will be thereby embled greatly to contribute towards the construction of such works of improvement as may be thought most likely to prove beneficial and useful.

Fellow Citizens .- Have the inducements and promises of this party, in relation to a Bank be flew the flag of his country, at the head of a been realized? How much good has been ac will an and yietorious army, in the numermost will be flew the flag of his country, at the head of a been realized? complished by the establishment which is called Canada;—"tow sublime and resplendent the "the Bank of Missouri?" We might be tempted transition from gloom to glory!" The pen rethe Bank of Missouri? We might be tempted to expose its opporations, and to demonstrate not only its utter mutility, considered as a Bank, but the absolute and wide spread injury it has occessioned to every general interest which looked to it for a fulfillment of the promises and predictions of those who made it. But we forbear. The sions of those who made it. But we forbear. The forego the prespects of comparative case and pro-pledges and the fulsifications are both before you, bubbe wealth, held out by a liberal education and

Shame! Eternal Stants!!

The same party and the same leaders will tell you that Col. Benton and Mr. Van Buren are for the graduation and pre-emption bills, and that the re-election of Mr. Van Buren constitutes the only hope of carrying these objects. All this, too, will be asserted in the face of the journals of Congress which show that General Harrison was the author and founder of our resent land system, more than 20 years before either Col. B. or the President had even a seat in Congress—in the teeth, too, of all the votes of General Harrison in favour and the votes of Mr. Van Buren against these bills during the period they served together.

With no fortune but his sword, "—unendowed except by a chainless spirit and an educated mind, we have seen him fight his way a coessfully to the side of Wayne, and receive the ma ked and official connectation of that daring and veneral general, before he had passed through the first year of his legal muchood.

Never contemplating the profession of arms as a permanent employment, we have seen him fay down his commission when the brilliant and decisive victory of which he thus prougly shared the glory, had braken the savage hope of conquest, awei him to submission, and restored the country to comparative security. We not contemplated these bills during the period they served together in the Senate, and the reiterated declaration of Gen. H., during the present canyass, that his opinions of the justice and policy of the pre-corp. The comparative security. We have contemplated this election to the office of Governor, it was furnished the justice and policy of the pre-corp. We have contemplated the present canyass, that his opinions of the justice and policy of the pre-corp. tion system are confirmed instead of changed, distinction of his talents, and the purity of his fice computed to be worth some \$1500 a year. We distinction of his talents, and the purity of his fice computed to be worth some \$1500 a year. We character, to the station of Secretary and Vice the reduction of the duty on Sait, and that there. Governor of the vast territory which is now no sure to be Governor of Missouri as that he lives, fore you must vote for Mr. Van Buren-notwithstanding we read from the Register of Debutenow before us that General Harrison introduced now before us that General Harrison introduced the bill to repeal the duty in 1828, and apposed a delegate to Congress, and Harrison is chosen. If the motion of Mr. Van Buren for its i definite he had readered no other service duri g that pepostponement, in a mosterly and unanswerable
